agitator

Cover - tarpaulin

SEGUÉS, specialist in road maintenance

"The salt & sand pedestrian spreaders MINI are multipurpose machines, they're good as for spreading salt and sand over frozen and snow covered pedestrian areas as for fertilizing grass, pitches and gardens, as for spreading blotters in farms. The spinner movement is transmitted from the wheel while going on, becoming completely autonomous."

SEGUÉS MINI spreaders strong points:

- Distribution by one single spinner
- 100% adjustable distribution system
- Simple and intuitive dose adjusting system
- Spinner mechanically driven by machine's wheel
- Small feeder in the product outlet to perform a correct spinner feeding
- Optional systems to spread salt and sand
- Rubber pneumatic tyres
- Parking jack
- Rubber covered handle
