Tel. +34 973 524 336

MAQUINARIA AGRICOLA SEGUÉS at the farmer's side since 1978.
All nuts if they are calibrated we can get better economic performance. For this reason, our CAL calibrators are the ideal machines for small and medium-sized companies.

STRENGTHS POINT:

- Depending on the model we can make 2, 3 or 4 gauges.
- By replacing the calibrating roller with specific rollers, it is possible to select various nuts such as hazelnuts, walnuts, almonds, chestnuts, olives ...
- It works at 220/380 v current.
- Adjustable height by means of the legs.
- Easy drive..

Potentiometer for electric rotation variator

Calibrator of 2 caliber +1 caliber CAL2

TECHNICAL CHARACTERISTICS

MODEL	HEIGH (mm)	LENGTH (mm)	WIDTH (mm)	WEIGHT (kg)
CAL2	1.800	2.500	1.000	170
CAL3	1.800	4.000	850	620
CAL4	1.800	5.000	1.000	620

Calibrator of 3 caliber +1 caliber CAL3
